

Outdoor Wallmount/Polemount IP Rated

UNISOL Pole/Wall mount racks are designed for outdoor applications to meet IP65 applications. These racks are manufactured using superior grade raw material with the help of advanced technology in compliance with set international quality standards. These cabinets are sealed up-to IP65 to suit customers' specific equipment, including fiber management, Additional essential features protect against the dangers of dust, humidity, rain, moisture, and physical attack.

FEATURES

- Seven Tank pretreatment process Powder coating with industry standards
- Top Canopy with air filter Option
- Supports max four cable entry with glands
- Hight adjustable self.
- IP Standards to protect against the dangers of dust, humidity, rain, moisture and physical attack
- Completable design to hang on pole or wall mounting (Optional)
- Protection from harsh outdoor and industrial environments
- Highest protection against corrosion
- Lock and key for security purpose
- The layout of the cabinet is reasonable, which will facilitate cable access, fixing and grounding. At the bottom of the cabinet, there are entrance holes individually for power cable, signal cable and optical cable.
- The cabinet uses assembled structure, easy for installation.
- The cabinet includes 19" standard installation frame.
- Powder Coat with UV protection
- Simple, useful, functional constructions
- The cabinet Have Single Door With One Side Hinged and Other Side Locking . The door opening angle is larger than 110°. The lock Knob type, padlock Provision available.

Outdoor Wallmount/Polemount IP65 Rated

SPECIFICATIONS

Mounting	Pole / Wall Mountable
Material	Galvanized Steel
Thickness	1.2mm - 1.6mm
Structure	Welded Constructions
Temperature Control	Cooling AC220V 90 CFM Dual Fan
Lighting	LED Lamp
Humidity	Relative Humidity 5% ~ 100%
Pressure	Air Pressure 62kpa ~ 101kpa
Radiation Intensity	Solar Radiation Intensity

DIMENSIONS

	H	W	D	Usable D	PART NO.
